emCA – Helping You Digitize and Secure Your Organizational Ecosystem

Did you know that emCA, eMudhra's End-to-end PKI solution, is trusted by some of the world's most prestigious and security-conscious organizations to secure and digitize their ecosystems?

Here are some real-life accomplishments of our solution - emCA that corroborates with the above statement:

- emCA is used extensively in the world's second largest armed forces

- emCA is deployed at scale for national ID based signing

- emCA Suite supports a 13,000 large re-seller network

- One of the largest IT company operating in the US used emCA for eliminating the complications involved in signing of Employment Eligibility (I-9) Forms

- emCA is used to authenticate transactions on electronic voting devices

- emCA supported IoT deployment for a large diesel generator manufacturing company
